

Platform trolley heavy-duty 1200×600 mm

Product code	Type
0162578	PW/S 12×6

FUNCTIONAL DESCRIPTION

Heavy-duty transport trolley with smooth 47. 2 × 0. 24'' (1200 × 600 mm) shelf.

- Robust stainless steel construction ensures hygienic surfaces and easy cleaning, maintaining strict hygiene standards
- Reinforced heavy-duty design supports extreme loads, providing maximum payload capacity and reliable continuous use
- Ergonomically angled push bar enhances manoeuvrability and user comfort in demanding environments
- Sound-insulated platform with reinforcement strut minimises noise and increases durability during transport
- Protective polymer corner bumpers prevent damage to trolley and surrounding walls, extending product lifespan

EQUIPMENT FEATURES

Hygienic stainless steel surfaces
Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.

Sound-insulated platform
The smooth, sound-insulated platform minimises noise when placing and transporting goods. Hygienically bevelled and easy to clean the platform meets the highest hygiene requirements in commercial kitchens and hospitals.

Heavy duty design
Specially developed for extreme loads. The reinforced construction enables maximum payloads and ensures absolute reliability even with heavy loads in demanding continuous operation.

True-tracking mobility: 2 swivel castors, 2 fixed castors
2 swivel castors, 2 fixed castors: The trolley stays on track, even under heavy loads. Precise manoeuvring, fewer corrections, greater operational safety.

Ergonomic handle
Ergonomic handle for a more upright posture and increased legroom while pushing.

GENERAL TECHNICAL DATA

Width rated	600 mm
Depth rated	1.200 mm
Nominal height	1.054 mm
Width actual	660 mm
Depth actual	1.366 mm
Height	1.054 mm
Weight	27 kg

Project _____

Order _____

Quantity _____

Date _____

Payload	500 kg
Main material	Stainless steel

INTERIOR PROPERTIES

Board construction	With sound insulation board With reinforcement beam Welded shelf
---------------------------	--

MOBILITY

Castor equipment	
castor_type	quantity
Swivel castor with lock	2
Fixed castor	2
Castor attachment	Bolt-on panel
Castor bearing type	Roller cage bearing
Castor housing material	Steel (galvanised)
Wheel ø	160 mm
Type of tyre tread	Rubber – Standard
Design of the locks	Total lock
Impact protection construction	Corner bumpers
Push handle construction	Push bar
