

Work table

2000×700×850-1150 mm

Product code	Type
0163226	AT-EH 2000/700/850-1150

FUNCTIONAL DESCRIPTION

Work table made of high-quality stainless steel in hygienic design, with hydraulic height adjustment system for ergonomic adaptation to different body sizes.

EQUIPMENT FEATURES

- Hygienic stainless steel surfaces**
Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.
- Reinforced worktop**
The reinforced worktop is torsion-resistant and offers increased load-bearing capacity. It creates a stable, safe working base for precise work and supports controlled work processes – even for demanding applications in commercial kitchens and medicine.
- Electric height adjustment**
The precise digital control allows the working height to be adjusted continuously. Ergonomic working is promoted by simple operation at the touch of a button and reduces physical strain.

GENERAL TECHNICAL DATA

Width rated	2.000 mm
Width actual	2.000 mm
Depth actual	700 mm
Height	850 mm
Weight	60 kg
Payload	210 kg
Main material	Stainless steel

Project _____

Order _____

Quantity _____

Date _____

OPERATION

Control elements			
Operation area	Operation element	Minimum adjustable temperature	Maximum adjustable temperature
Total setting	Digital height control		

ELECTRICS

Power rated	240 W
Operational Current	1,04 A
Voltage rated	220 V
Frequency	50 Hz
IP code	IPX4
Protection class	Class I

TABLE PROPERTIES

Worktop material	Stainless steel
Height adjustment	Hydraulic
Worktop bent construction	Bending on all sides
