

Container transport cart for 6 StU

Product code	Type
7504643	CTW/M 6StE 965/751/1469

FUNCTIONAL DESCRIPTION

Container transport trolley for transport and storage of standardised sterile supplies containers or baskets.

EQUIPMENT FEATURES

All-round bumper strip at the bottom
The robust all-round bumper strip reliably protects against damage from collisions with trolleys or walls, ensuring your equipment stays intact and your workday safer.

Modular housing
The housing of the transport trolley has a modular design and consists of standardised, prefabricated modules. These modules can be flexibly combined and individual parts can be easily maintained or replaced if necessary. The modular design contributes to the high durability and cost-effectiveness of the transport trolley.

Impact protection
The impact protection protects the housing and protruding attachments of an appliance from damage caused by bumping or impact and can be designed as a bumper strip or corner bumper. The impact protection is made of solid polymer material and is attached to the chassis and/or roof.

Doors
Welded stainless steel doors with core material reinforcement offer maximum stability and durability. The integrated 2-point locking system ensures secure locking, while the 270° opening angle allows optimum access. Even when open, the doors remain protected and locked.

GENERAL TECHNICAL DATA

Nominal format	StE baskets 600 × 300 mm
Quantity nominal format	6
Width actual	1.031 mm
Depth actual	751 mm
Height	1.472 mm
Weight	105 kg

Project _____

Order _____

Quantity _____

Date _____

Payload	100 kg
Main material	Stainless steel

INSERT PROPERTIES

Insertions construction	L-rails
Insertion type	Lengthwise insertion
Pitch	61 mm

HOUSING PROPERTIES

Cart construction	Modular construction
Door construction	Hinged doors
Max. Door opening angle	270 °

INTERIOR PROPERTIES

Cart interior construction	Modular construction
Interior/compartment material	Stainless steel
Construction of the middle panel	Partition wall with L-shaped rails

MOBILITY

Set of castors	2 fixed castors 2 swivel castors with brakes
Castor attachment	Bolt-on panel
Chassis suitability	Off-premises transport
Castor bearing material	Stainless steel
Castor bearing type	Ball bearing

Container transport cart for 6 StU

Castor housing material	Stainless steel
Wheel ø	160 mm
Type of tyre tread	Rubber – Standard
Wheels with thread guard	Yes
Design of the locks	Total lock
Suitable for transport cart washing devices	Washing machine resistant
Towing device	Not available
Impact protection construction	Bumper strip around the bottom
Push handle construction	Vertical push handle
