

Sterile goods transport cart for 9 StU

Product code	Type
7504648	STW/M 9StE 1285/751/1471

FUNCTIONAL DESCRIPTION

- Sterile supply transport trolley for transport and storage of standardised sterile supplies containers and baskets. 160 mm stainless steel castors as standard.
Equipped with:
- modular design
 - 2 solid shelves
 - height-adjustable in 61.5 mm pitch
 - paper clamp, right-hand door
 - status display, left-hand door
 - transport latch with sealing flap
 - hinged doors with 270° opening angle
 - all-round door seal
 - all-round impact protection at the bottom
-
- Ø 160 mm castors with stainless steel housing and mounting plates
 - 2 fixed castors, 2 swivel castors with total lock brake

EQUIPMENT FEATURES

- All-round bumper strip at the bottom**
The robust all-round bumper strip reliably protects against damage from collisions with trolleys or walls, ensuring your equipment stays intact and your workday safer.
- Closed design with hinged doors**
The closed design includes an all-round closed construction with hinged doors for easy handling. The design ensures safe storage and protects the inside of the transport trolley from external influences. The smooth surface is free of openings or crevices and facilitates cleaning. The robust stainless steel construction ensures both durability and high standards of hygiene.
- True-tracking mobility: 2 swivel castors, 2 fixed castors**
2 swivel castors, 2 fixed castors: The trolley stays on track, even under heavy loads. Precise manoeuvring, fewer corrections, greater operational safety.
- Doors with 2-point locking**
The doors feature a 2-point locking system for maximum security and sealing. The ergonomic closure can be quickly opened with one hand and automatically engages when closing. Ideal for professional use in commercial kitchens and medical facilities.
- Stainless steel paper clip**
The robust stainless steel paper clip enables hygienic and secure attachment of trolley information. The corrosion-resistant material ensures a long service life even with intensive use.
- Transport latch incl. sealing**
The innovative locking system reliably protects the contents from unauthorised access and prevents accidental opening while driving. Thanks to the additional seal, it is possible to tell at any time whether the trolley has been opened without authorisation – a decisive advantage for sensitive areas.

Quantity _____

Date _____

- Clear status display**
The status display in red and green allows employees to quickly identify the status of the transported goods.
- Push bars**
Push bars are rods made of stainless steel round tubes attached vertically to the corners of a transport trolley's body. Two-handed gripping at any handle height enables ergonomic, easy manoeuvring of the transport trolley.
- Height-adjustable shelves**
The tool-free height adjustment allows the shelves to be quickly and easily adapted to different requirements. Ideal for goods of varying heights in commercial kitchens and medical facilities.
- Solid shelves**
The solid shelves provide a secure and stable storage surface for your goods. Thanks to the smooth surface, they are particularly easy and hygienic to clean – ideal for professional use in catering and medical environments.

GENERAL TECHNICAL DATA

Nominal format	StE baskets 600 × 300 mm
Quantity nominal format	9
Width actual	1.285 mm
Depth actual	751 mm
Height	1.471 mm
Weight	109 kg
Payload	170 kg
Main material	Stainless steel

Sterile goods transport cart for 9 StU

INSERT PROPERTIES

Pitch	61,5 mm
-------	---------

HOUSING PROPERTIES

Cart construction	Modular construction
Cart housing construction	Single-walled
Cover construction	Roof
Number of doors	2
Door construction	Hinged doors
Door lock (closed)	2-point locking Transport latch with sealing tab
Door lock (open)	Extension piece
Max. Door opening angle	270 °
Door seal construction	Lip seal on door
With sealing flap	Yes

INTERIOR PROPERTIES

Cart interior construction	Modular construction
Board construction	pitch_61_5 Closed shelf
Number of shelves	2

MOBILITY

Set of castors	2 fixed castors 2 swivel castors with brakes
Castor attachment	Bolt-on panel
Chassis suitability	Off-premises transport
Castor bearing material	Stainless steel
Castor bearing type	Ball bearing
Castor housing material	Stainless steel
Wheel ø	160 mm
Type of tyre tread	Rubber – Standard
Antistatic wheels	No
Suitable for transport cart washing devices	Washing machine resistant
Towing device	Not available
HGV transport securing device	No
Impact protection construction	Bumper strip around the bottom
Push handle construction	Push handles
