EQUIPMENT FEATURES

- Hygienic stainless steel surfaces**
Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.
- Corner bumpers**
The corner bumpers protect the body at the exposed points of the equipment from damage caused by bumping or impact. The plastic construction on the chassis provides solid protection for the trolley.
- Solid base plate**
The solid base plate with folded edges on all sides ensures maximum stability and load-bearing capacity.
- High Manoeuvrability: 4 swivel castors, 2 with total locks**
Four smooth-running swivel castors, two with total locks, enable precise manoeuvring in tight spaces and secure locking during operation. This equipment ensures optimal mobility while maintaining high directional stability and security.
- Constant pick-up height**
The constant pick-up height enables ergonomic working and reduces physical strain. The consistent height accelerates workflows and increases work efficiency. Precise stacking and safe access are guaranteed at all times.
- Manually adjustable tension spring system**
Ensures a constant dispensing height of loads – for ergonomic working, faster processes and consistent presentation in kitchens and clinics.
- Integrated push handles**
The sturdy polymer upper bumpers provide reliable protection against damage and also act as ergonomic push handles. This well thought-out design enables safe handling in hectic everyday working life.

GENERAL TECHNICAL DATA

Width actual	802 mm
Depth actual	715 mm
Height	900 mm
Weight	45 kg
Payload	120 kg
Main material	Stainless steel

MOBILITY

Castor equipment	
castor_type	quantity
Swivel castor with lock	2
Swivel castor	2
Set of castors	2 swivel castors with brakes 2 swivel castors
Castor attachment	Bolt-on panel
Castor bearing type	Ball bearing
Castor housing material	Plastic
Wheel ø	125 mm
Type of tyre tread	Rubber – Standard
Design of the locks	Total lock
Impact protection construction	Corner bumpers
Push handle construction	Push handles

Basket dispenser open for ISO baskets

DISPENSER PROPERTIES

Adjustable stacking device	No
Number of stacking compartments	1
Stack height	750 mm
Staple goods	Sterile goods baskets
Dispenser platform construction	Closed platform
Platform guidance construction	Ball bearing
