Product code	Type
7506313	OKO 61-41 1xStE/ISO/SPRI

FUNCTIONAL DESCRIPTION

The basket dispenser is used to stack and provide sterile goods baskets for ISO or SPRI units.

- Spring-loaded platform allows space-saving stacking and convenient provision of sterile goods baskets
- Smooth-running tension spring system enables constant output height and ergonomic removal of the sterile goods baskets
- Ergonomically shaped push handles allow easy positioning in the desired position
- Clear design enables easy cleaning and optimum hygiene

EQUIPMENT FEATURES

Hygienic stainless steel surfaces
Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.

Corner bumpers
The corner bumpers protect the body at the exposed points of the equipment from damage caused by bumping or impact. The plastic construction on the chassis provides solid protection for the trolley.

Solid base plate
The solid base plate with folded edges on all sides ensures maximum stability and load-bearing capacity.

High Manoeuvrability: 4 swivel castors, 2 with total locks
Four smooth-running swivel castors, two with total locks, enable precise manoeuvring in tight spaces and secure locking during operation. This equipment ensures optimal mobility while maintaining high directional stability and security.

Constant pick-up height
The constant pick-up height enables ergonomic working and reduces physical strain. The consistent height accelerates workflows and increases work efficiency. Precise stacking and safe access are guaranteed at all times.

Manually adjustable tension spring system
Ensures a constant dispensing height of loads – for ergonomic working, faster processes and consistent presentation in kitchens and clinics.

Integrated push handles
The sturdy polymer upper bumpers provide reliable protection against damage and also act as ergonomic push handles. This well thought-out design enables safe handling in hectic everyday working life.

GENERAL TECHNICAL DATA

Rated capacity		
Position	Rated capacity	Quantity
Total	StE baskets 600 × 300 mm	
Alternative	ISO baskets 600 × 400 mm	
Further alternative	SPRI baskets 585 × 395 mm	
Width actual	831 mm	
Depth actual	510 mm	
Height	900 mm	
Weight	30 kg	
Payload	120 kg	
Main material	Stainless steel	

MOBILITY

Caster equipment	
caster_type	quantity
Swivel castor with lock	2
Swivel castor	2
Set of castors	2 swivel castors with brakes 2 swivel castors
Castor attachment	Back hole
Castor bearing type	Ball bearing
Castor housing material	Plastic
Wheel ø	125 mm

Basket dispenser for 1 stack of StU/ISO/SPRI baskets

Type of tyre tread	Rubber – Standard
Design of the locks	Total lock
Impact protection construction	Corner bumpers
Push handle construction	Push handles

DISPENSER PROPERTIES

Adjustable stacking device	Yes
Number of stacking compartments	1
Staple goods	Sterile goods baskets
Dispenser platform construction	Closed platform
Platform guidance construction	Ball bearing
