

Sterile goods transport cart for Da Vinci 6 ERS

Project _____
Order _____
Quantity _____
Date _____

Product code

7506585

Type

STW/M 6ERS 1063/751/1571 Da Vinci LKW

FUNCTIONAL DESCRIPTION

The Sterile Goods Transport Trolley 6 da Vinci LKW is used for the safe transport and organised storage of sterilised goods. The Sterile Goods Transport Trolley 6 da Vinci LKW enables efficient sorting and distribution of materials.

The Sterile Goods Transport Trolley 6 da Vinci Truck is designed for the safe transport and organised storage of sterilised goods. The Sterile Goods Transport Trolley 6 da Vinci Truck enables efficient sorting and distribution of materials.

EQUIPMENT FEATURES

Hygienic stainless steel surfaces

Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.

All-round bumper strip at the bottom

The robust all-round bumper strip reliably protects against damage from collisions with trolleys or walls, ensuring your equipment stays intact and your workday safer.

Doors

Welded stainless steel doors with core material reinforcement offer maximum stability and durability. The integrated 2-point locking system ensures secure locking, while the 270° opening angle allows optimum access. Even when open, the doors remain protected and locked.

Push bars

Push bars are rods made of stainless steel round tubes attached vertically to the corners of a transport trolley's body. Two-handed gripping at any handle height enables ergonomic, easy manoeuvring of the transport trolley.

Height-adjustable shelves

The tool-free height adjustment allows the shelves to be quickly and easily adapted to different requirements. Ideal for goods of varying heights in commercial kitchens and medical facilities.

GENERAL TECHNICAL DATA

Rated capacity

Position	Rated capacity	Quantity
Total	Da Vinci baskets	6
Width actual	1.063 mm	
Depth actual	751 mm	
Height	1.571 mm	
Weight	96 kg	
Payload	90 kg	
Main material	Stainless steel	

INSERT PROPERTIES

Insertions construction	Pull-out frame sets
--------------------------------	---------------------

HOUSING PROPERTIES

Cart construction	Modular construction
Number of doors	2
Door lock (closed)	2-point locking

MOBILITY

Castor equipment

castor_type	quantity
Swivel castor with lock	2
Fixed castor	2
Castor attachment	Bolt-on panel

Sterile goods transport cart for Da Vinci 6 ERS

Castor bearing type	Ball bearing
Castor housing material	Stainless steel
Wheel ø	160 mm
Type of tyre tread	Rubber – Standard
Design of the locks	Total lock
Suitable for transport cart washing devices	Suitable for washing machines
HGV transport securing device	Yes
Impact protection construction	Bumper strip around the bottom
