

Sterile goods transport trolley open for 3xStU

Product code

7506751

Type

STW/O 3StE 430/675/1448

FUNCTIONAL DESCRIPTION

The Hupfer sterile goods transport trolley is used to transport sterile goods. The Hupfer trolley enables sterile goods to be stored clearly and distributed safely.

- Hygienic stainless steel surfaces ensure easy cleaning and optimal sterilised goods safety
- Closed shelf support with welded support pins ensures stable and secure storage of sterilised goods containers
- Tool-free support replacement allows quick and flexible use without interruptions
- Set including four supports offers versatile usage options for different sterilised goods sizes
- Good manoeuvrability thanks to four swivel castors, two of which have total locks, ensures safe and precise handling

EQUIPMENT FEATURES

Hygienic stainless steel surfaces

Hygienic stainless steel surfaces ensure a low-germ environment. The smooth, non-porous structure can be cleaned quickly and without leaving any residue. This saves you time, reduces cleaning costs and meets strict hygiene standards – ideal for commercial kitchens and medical areas. Robust, durable and reliable in daily use.

High Manoeuvrability: 4 swivel castors, 2 with total locks

Four smooth-running swivel castors, two with total locks, enable precise manoeuvring in tight spaces and secure locking during operation. This equipment ensures optimal mobility while maintaining high directional stability and security.

Solid shelf

The solid shelf offers an optimal support surface for safe storage. The closed surface ensures easy and hygienic cleaning – ideal for professional kitchens and medical areas.

Tool-free shelf exchange

The shelves can be removed and exchanged without tools. This enables flexible adaptation to different storage requirements and significantly facilitates cleaning.

Set including 4 shelves

The set includes four solid shelves made of high-quality stainless steel. The robust shelves can be positioned flexibly and ensure easy cleaning and a secure storage surface thanks to their smooth surface.

Welded shelf bolts

Welded shelf support bolts are compatible with shelf supports, L-profile rails, U-profile rails and slide-in frames. The flexible system allows tool-free height adjustment or replacement of the support.

GENERAL TECHNICAL DATA

Nominal format	Sterilisation Unit (STU) 3
Width actual	430 mm
Depth actual	675 mm
Height	1.448 mm
Weight	17,51 kg
Payload	60 kg
Main material	Stainless steel

INSERT PROPERTIES

Pitch	62,5 mm
--------------	---------

MOBILITY

Set of castors	2 swivel castors with brakes 2 swivel castors
Castor attachment	Round pin
Chassis suitability	Off-premises transport
Castor bearing material	Galvanised steel
Castor bearing type	Plain bearing
Castor housing material	Plastic
Castor housing colour	Grey
Wheel ø	125 mm
Type of tyre tread	Rubber – Standard
Wheels with thread guard	Yes
Antistatic wheels	Yes
Suitable for transport cart washing devices	Not approved

Sterile goods transport trolley open for 3×StU

Impact protection construction	Deflector rollers
--------------------------------	-------------------

SHELVING PROPERTIES

Set including covers	Yes
Shelf construction	Closed support
Material of the shelf	Stainless steel
